o – other, safety, ½ loop per call, ½'s are dropped (just run whole loops)

NOTE: Athlete's % Back = $(2 - (\text{Athlete's Time} / \text{Scoring Base})) \times 100$

The Scoring Base is the average time of the top three finishers.

Points are awarded to match shooters first until all the match teams plus 1 get their points then everybody else (sport and match) in order of place-finish. For example, if there are 16 classified participants and the shortest time was achieved by a Novice, but the next to the shortest time was achieved by a match independent or match team participant, then the person with the next to the lowest time would get 16 points for the race.

Warmest thank-you's to our volunteers for this race.

Race Director: Fred Allen

RSO: Fred Beihold

Shooting Observers: many volunteers

Wherever there are no volunteer officials working the race, the honor system applies.
